Global Synthesis Report

The Global Synthesis Report provides a big picture of how volunteering is currently integrated today and gives a snapshot of how volunteering can and should advance the 2030 Agenda based on the three objectives of the Plan of

Action to Integrate Volunteering into the 2030 Agenda: ownership, integration and measurement. It is based on evidence and data gathered from 43 National Situation Analysis, Voluntary National Reviews submitted between 2016–2019, on-site and online consultations with different Plan of Action stakeholders, including regional consultations and other evidence generation activities.
