UNV Administrative Guidelines for the Novel Coronavirus (COVID-19) Outbreak

Operational Measures for Management of UN Volunteers

Volunteer Solutions Section
Version 2.0
17 March 2020
Purpose

These Guidelines are intended for the UN Volunteer management practitioners, including but not limited to UNV Regional Offices, Field Units, Volunteer Service Centre, and for reference by UN Host Entities during the COVID-19 operational response.

These Guidelines are informed by the applicable Conditions of Service for both national and international UN Volunteers, which are the main legal instrument controlling the management of UN Volunteers.

As such, these Guidelines should be viewed as an extension of the applicable Conditions of Service for UN Volunteers and are intended to provide clarity on the operational measures for the management of UN Volunteers during the COVID-19 crisis.

All volunteer management practitioners are expected to implement the provisions of these guidelines.\(^1\) UNV’s guiding principle for aspects not covered in this guidance should be informed by the principle of equity that UN Volunteers are treated at least to the same minimum duty of care standard as UN staff.

These guidelines will be reviewed periodically, as necessary, by the UNV Volunteer Solutions Section and amended accordingly.

Applicability

These Guidelines are applicable to all UN Volunteers and recognized dependents globally as of the date indicated on the cover page of the document until notice is provided revoking or amending their applicability.

These Guidelines may be updated from time to time as across the world, countries are taking drastic steps, shutting their borders to travelers and enforcing quarantine requirements in response to COVID-19.

---

\(^1\) Guidelines and provisions of similarly situated UN staff that differ from UN Volunteer guidance should be carefully reviewed as a patchwork of rules would lead to difficulties and further disruption at a time of a potentially severe crisis.
Guidelines for COVID-19 affected UN Volunteer Assignments

<thead>
<tr>
<th>Topic</th>
<th>Administrative Guidance</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Deployment of UN Volunteer candidates</td>
<td>As per current UN policy, the overriding principle is programme/mission criticality. Every ongoing deployment and new request need to be assessed in light of this criterion, in consultation between the host entity, the Designated Official and UNV. Non-essential deployment/travel will not be allowed (no security clearance will be granted). New UN Volunteer requests (including replacements) need to be accompanied by a confirmation of criticality by the Designated Official. Prior to travel, security clearance needs to be requested through the UNDSS TRIP system (<a href="https://trip.dss.un.org/">https://trip.dss.un.org/</a>). All security clearance requests will be reviewed by UN DSS officials in the destination/assignment country.</td>
</tr>
</tbody>
</table>

**a) Alternative Offer:** For UN Volunteer candidates whose completion of the conditions set forth in the Offer is negatively impacted by COVID-19, alternative solutions will be actively pursued on a case-by-case basis, e.g. submission elsewhere. In these instances, the alternative will be treated as a new Offer and should be explicitly accepted by the selected candidate. As a last resort, the Offer may be withdrawn and compensation due under Conditions of Service provisions. |

**b) Offer Withdrawn by UNV After All Formalities:** In cases where the Offer is withdrawn at the request of UN Host Entity/UNV, the Conditions of Service provides that where all the recruitment formalities have been completed an amount of compensation will be due as follows: One month of Monthly Living Allowance (MLA) of the proposed country of assignment, which is equivalent to the notice period for termination. |
### c) Offer Withdrawn by UNV Before Formalities Completed:
As a last resort if the Offer is withdrawn before all of the recruitment formalities have been completed then compensation only of expenditures incurred (e.g. government and medical clearances) will be reimbursed, minus any funds that may have been advanced to the selected candidate.

### d) Candidate revoke Offer:
Candidates who have accepted an Offer should assess their own personal situation.

If after reflection the candidate declines to take up the assignment after signing the Offer, she/he will be required to refund any amounts that have already been disbursed.

If selected candidate does not refund the sums disbursed, she/he will be excluded from future opportunities to be a UN Volunteer and appropriate legal steps will be taken to recover outstanding dues.

### e) Impossibility of Offer:
When it is foreseen that due to the COVID-19 pandemic the conditions set forth in the Offer will not be possible to fulfil in a 30-day period the Offer will be treated as withdrawal of the Offer by UNV. In case of withdrawal by UNV due to impossibility Section 1. (a) or (b) above will apply unless the selected candidate has accepted in writing postponement beyond the 30-day period.

### 2. Consideration of candidates from countries in lockdown for UN Volunteer assignments abroad
Candidates from high COVID-affected countries who are included in submissions for assignments in countries which have barred their entry, will be taken out of the submissions, in consultation with the UN Host Entity and the Field Unit in the host country.

Likewise, no candidates from countries currently under state quarantine / lockdown will be submitted for new assignments.

### 3. Authorized travel related disruptions due to the COVID-19 pandemic

- **Non-Initiated Travel Disrupted:** In the event that the authorized itinerary must be changed for reasons related to COVID-19 travel restrictions, airline cancellation, or other related reasons then the selected candidate should inform UN Host Entity and explore alternative options.
If alternative travel options are discovered, then the travel monetization process is initiated per current practice and the UN Host Agency is charged for any rebooked tickets.

If no alternative travel options are discovered please refer Section 1 above.

b) **Initiated Travel Disrupted - Stopover**: If during authorized travel local authorities, UN guidelines, or airlines create an unavoidable stopover then DSA payments\(^2\) will follow applicable UN rules and remain payable in stopover location up until new departure is authorized and up until the first available flight to the authorized final destination.

c) **Initiated Travel Disrupted – Cancelled**: If during authorized travel, local authorities, UN guidelines, or airlines do not allow completion of the journey, DSA will follow UN rules and remain payable in the transit location up until the first available flight either to the originating location, or in exigent circumstances, an authorized third location.

4. **Disrupted return to official duties due to discretionary leave**

UN Volunteers who are authorized to travel outside the Duty Station on discretionary leave (Annual Leave, Family Leave, Learning & Training Leave, Home Visit, Special Leave, and when applicable Rest & Recuperation), must be aware that, re-entry into the Duty Station or departure from the countries to which they travel may not be possible.

In these cases, the UN Volunteers’ supervisor is the primary authority in mitigating this risk as discretionary leave approval may not be forthcoming based in their risk assessment and good judgment.

UN Volunteers unable to return from discretionary leave to the Duty Station should explore telecommuting options with the UN Host Entity, if feasible. When UN Volunteers cannot return to take up their official duties and when telecommuting is not feasible or approved by the UN Host Entity termination of the UNV contract may result. The UN Volunteer bear the financial risk associated with travel arrangements in all cases of discretionary travel.

\(^2\) The costs associated with DSA payments referred to throughout these Guidelines will be borne by the UN Host Entity.
Any DSA payments will follow the same rules for similarly situated UN staff, which is generally not provided.

5. Special Leave with VLA

The Volunteer Living Allowance will continue for UN Volunteers in all circumstances where similarly situated UN staff receive Special Leave With Full Pay (SLWFP) due to COVID-19 as per the Administrative Guidelines for Offices on the Novel Coronavirus (COVID-19) Outbreak by the HR Network or any UN Host Entity specific guidance.

6. Well-Being Differential

UN Volunteers serving in Duty Stations designated as being eligible for Well-Being Differential will be paid on the basis of the eligibility of the Duty Station for which the UN Volunteer is assigned.

No deductions will be made for absences due to approved leaves regardless of length.

7. Quarantine

a) Countries are putting in place protective/preventive measures and screening procedures for any suspicious signs, and if discovered the UN Volunteer may be quarantined.

Deployment of such candidates can continue, but candidates need to be made aware of the increasingly stringent special measures they may be subject to during transits and upon arrival in destination country.

b) For UN Volunteers quarantined while on authorized entitlement travel (Assignment, Home, Repatriation) payment of DSA will be applicable. However, if hospitalized or placed in a quarantine facility with full board, DSA will be reduced to one third.

c) UN Volunteers placed under involuntary quarantine for any other circumstance not covered in this Section will be subject to UN Host Entity rules for similarly situated UN staff.

8. Management of UN Volunteers serving during

The overriding principle is that UNV assignments will continue to be managed as per the UNV COS and the specific recommendations of the UN Host Entity/UNCT/DO in the...
### the COVID-19 pandemic

respective countries (e.g. in terms of the applicable working regime, in-country rotation policy, MOSS, etc.).

<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>a)</td>
<td>In the event specific UN Host Entities request exceptions from the UNV COS or applicable administrative guidance, the UNV Regional Managers in line with delegation of authority memo are authorized to exercise discretionary approval of waivers/deviations when there are no financial implications.</td>
</tr>
<tr>
<td>b)</td>
<td>When possible, there ideally should be a UNV representative on UNCT, SMT or other UN meetings at UN country level where the COVID-19 crisis is being discussed.</td>
</tr>
<tr>
<td>c)</td>
<td>There is an increased need to exercise extra care with regards to monitoring whereabouts of serving UN Volunteers. For instance, all travel needs to be closely monitored and recorded. UN Volunteers should report every travel to TRIPS</td>
</tr>
<tr>
<td>d)</td>
<td>UN Volunteer data need to be fully-up to date at any point in time and be at hand upon request. Beneficiary and inventory forms need to be regularly kept up to date.</td>
</tr>
<tr>
<td>e)</td>
<td>The increased psychological pressure and morale issues amongst the serving UN Volunteers is an issue of duty of care. UNV Administrating Office should promptly and proactively address specific questions. Escalation may channelled through <a href="mailto:volunteer.support@unv.org">volunteer.support@unv.org</a>.</td>
</tr>
</tbody>
</table>

### 9. Management of UN Volunteer dependants for COVID-19 duty of care / security system

The overriding principle is that dependants will continue to be managed as per the UNV COS and the specific recommendations of the UNCT in the respective countries, including the requirement that the UNDP CO confirms that the nature of the assignment, living conditions and other factors, such as availability of proper medical facilities, are suitable for dependents to reside at the Duty Station.

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>a)</td>
<td>All serving UN Volunteers with dependants, <em>regardless of whether they are recognized by UNV HQ or whether they are in a family or non-family Duty Station</em>, MUST be reported to and registered with UN DSS. Such registration is solely meant for safety and security purposes and does not imply formal recognition or give rise to dependant-related entitlements. Dependant data need to be fully-up to date at any point in time and be at hand upon request.</td>
</tr>
</tbody>
</table>
### 10. Repatriation disruptions

<table>
<thead>
<tr>
<th>a) Extension of appointment in country.</th>
<th>In cases where repatriation travel is not possible due to COVID-19, and depending on the circumstances, an assignment of a UN Volunteer holding a permit/visa in the Duty Station and who is not requesting residency status in the host country, will be extended in consultation with the UN Host Entity until departure/entry is possible and up until the first travel opportunity or flight is available to the UN Volunteer.</th>
</tr>
</thead>
<tbody>
<tr>
<td>b) Extension of appointment in third country/reassignment.</td>
<td>In cases where the UN Volunteer will no longer hold a permit/visa in the Duty Station, it will not be renewed in time, or other reasons prohibiting staying in the Duty Station/country of assignment the appointment of the UN Volunteer will be extended temporarily in consultation with the UN Host Entity and travel should be facilitated to a third-country location as a reassignment until the first travel opportunity or flight is available to the UN Volunteer.</td>
</tr>
</tbody>
</table>

### 11. Telecommuting

Work arrangements, including flexible working arrangements are under the remit of the UN Host Entity.

Alternate work arrangements, which are different from flexible working arrangements, may also involve working from a different location, within and outside the Duty Station, including from home. Alternate work arrangements are at the request of the UN Host Entity and as such are not considered flexible working arrangements. The authority to implement alternate work arrangements rests UN Host Entities. In circumstances where the UN Host Entity has implemented alternate work arrangements the applicable rules for similarly situated UN staff members will apply to UN Volunteers.

The UN Host Entity is authorized to exercise discretionary approval of remote working arrangements for UN Volunteer(s) outside of the Duty Station to allow flexibility arising from COVID-19 related disruptions.

In cases of authorized remote working arrangements, the UN Volunteer should confirm in writing their agreement to the UN Host Entity terms. In all cases of remote working arrangements, UN Volunteer benefits and entitlements will continue to be based on the Duty Station contained in their Description of Assignment.
UN Volunteers availing of any alternative working arrangements in locations other than their designated Duty Station should duly inform UN DSS of their location for United Nations Security Management System accuracy and duty of care.

| 12. Analogous Guidance | On issues where the applicable UN Volunteer Conditions of Service or this Guidance document are silent, relevant UN staff regulations, rules and policies, including Administrative Guidelines for Offices on the Novel Coronavirus (COVID-19) Outbreak by the HR Network, may be applied by analogy, subject to agreement between UN Host Entity and UNV, but without conferring staff status or creating new entitlements.

A guiding principle for all analogous guidance is that to the extent possible UN Volunteer are treated equally to similarly situated UN staff members. |

| 13. Critical incident and case management | Critical incidents and special cases where health, safety and security are at imminent risk need to be brought to the immediate attention of the direct supervisor/UN Host Entity, as well as the Regional Offices/Field Units and COVID-19 Focal Point at UNV HQ. |
