

## UN VOLUNTEER DESCRIPTION OF ASSIGNMENT

### THAR000221--Monitoring and Evaluation Specialist

The United Nations Volunteers (UNV) programme is the UN organization that promotes volunteerism to support peace and development worldwide. Volunteerism can transform the pace and nature of development and it benefits both society at large and the individual volunteer. UNV contributes to peace and development by advocating for volunteerism globally, encouraging partners to integrate volunteerism into development programming, and mobilizing volunteers. In most cultures volunteerism is deeply embedded in long-established, ancient traditions of sharing and support within the communities. In this context, UN Volunteers take part in various forms of volunteerism and play a role in development and peace together with co-workers, host agencies and local communities. In all assignments, UN Volunteers promote volunteerism through their action and conduct. Engaging in volunteer activity can effectively and positively enrich their understanding of local and social realities, as well as create a bridge between themselves and the people in their host community. This will make the time they spend as UN Volunteers even more rewarding and productive.

Bangkok allowed basic living needs, including accommodation, banking facilities, medical facilities and telecommunications/internet services are readily available. All staple foods can be found in the markets, eg: rice, meat, vegetables, fruit, cooking oil, salt, etc. Many imported goods are available in Bangkok and other places throughout Thailand. Bangkok has many good restaurants with good health standards and most guesthouses provide food. In Thailand the most used means of transportation are taxi or local bus (and, in Bangkok, the elevated train service). Depending on educational quality and the area which comes with price tags, you may need to explore more on schools to find out what they could offer that serves the needs of your children. No specific allocation is available for schooling and Volunteers will need to bare the entire costs.

### Organizational Context & Project Description

The United Nations Volunteers (UNV) programme is the UN organization that contributes to peace and development through volunteerism worldwide. Volunteerism is a powerful means of engaging people in tackling development challenges, and it can transform the pace and nature of development. Volunteerism benefits both society at large and the individual volunteer by strengthening trust, solidarity and reciprocity among citizens, and by purposefully creating opportunities for participation. UNV contributes to peace and development by advocating for recognition of volunteers, working with partners to integrate volunteerism into development programming, and mobilizing an increasing number and diversity of volunteers, including experienced UN Volunteers, throughout the world. UNV embraces volunteerism as universal and inclusive, and recognizes volunteerism in its diversity as well as the values that sustain it: free will, commitment, engagement and solidarity. UNV engaged 6,351 UN Volunteers in 2013, on a total of 6,459 assignments. UNV is headquartered in Bonn, Germany and has Field Unit presence in about 69 countries.

The UNV Regional Offices is a pilot initiative currently being implemented in three locations, Bangkok, Nairobi and Panama and expected to be expanded to other regions. The contract lasts for the period indicated above with possibility of extensions subject to availability of funding, operational necessity and satisfactory performance. However, there is no expectation of renewal of the assignment.

A UN Volunteer receives a Volunteer Living Allowance (VLA) which is composed of the Monthly Living Allowance (MLA) and a Family Allowance (FA) for those with dependents (maximum three).

The Volunteer Living Allowance (VLA) is paid at the end of each month to cover housing, utilities, transportation, communications and other basic needs. The VLA can be computed by applying the Post-Adjustment Multiplier (PAM) to the VLA base rate of US\$ 1,587. The VLA base rate is a global rate across the world, while the PAM is duty station/country-specific and fluctuates on a monthly basis according to the cost of living. This method ensures that international UN Volunteers have comparable purchasing power at all duty stations irrespective of varying costs of living. The PAM is established by the International Civil Service Commission (ICSC) and is published at the beginning of every month on the ICSC website <http://icsc.un.org>.

For example, kindly enter the link [Calculator](#)

In non-family duty stations that belong to hardship categories D or E, as classified by the ICSC, international UN Volunteers receive a Well-Being Differential (WBD) on a monthly basis.

Furthermore, UN Volunteers are provided a settling-in-grant (SIG) at the start of the assignment (if the volunteer did not reside in the duty station for at least 6 months prior to taking up the assignment) and in the event of a permanent reassignment to another duty station.
