STATISTICAL AND FINANCIAL INFORMATION FOR 2010

Our mission

Volunteering brings benefits to both society at large and the individual volunteer. It makes important contributions, economically as well as socially. It contributes to a more cohesive society by building trust and reciprocity among citizens. The United Nations Volunteers (UNV) programme is the UN organization that supports sustainable human development globally through the promotion of volunteerism, including the mobilization of volunteers. It serves the causes of peace and development by enhancing opportunities for participation by all peoples. It is universal, inclusive and embraces volunteer action in all its diversity. It values free will, commitment, engagement and solidarity, which are the foundations of volunteerism.
