The United Nations Volunteers (UNV) programme is the UN organization that promotes volunteerism to support peace and development worldwide. Volunteerism can transform the pace and nature of development and it benefits both society at large and the individual volunteer. UNV contributes to peace and development by advocating for volunteerism globally, encouraging partners to integrate volunteerism into development programming, and mobilizing volunteers. In most cultures, volunteerism is deeply embedded in long-established, ancient traditions of sharing and support within the communities. In this context, UN Volunteers take part in various forms of volunteerism and play a role in development and peace together with co-workers, host agencies and local communities. In all assignments, UN Volunteers promote volunteerism through their action and conduct. Engaging in volunteer activity can effectively and positively enrich their understanding of local and social realities, as well as create a bridge between themselves and the people in their host community. This will make the time they spend as UN Volunteers even more rewarding and productive.

Central African Republic is a non-family duty station with a difficult security and working environment. Full compliance with security instructions from the UN Department of Safety and Security (UNDSS) must be observed throughout the assignment.

The country is landlocked with very limited travel possibilities and surrounded by countries with volatile and security problems (Chad, DR Congo, Sudan, South Sudan and Cameroon). Volatile socio-political situation and social unrest and grievance in particular in the capital city Bangui with frequent civil servants strikes causing interruption of health, education and civil service due to years of unpaid salaries. Power cuts are a norm causing insecurity in town. The population in Bangui including the expatriates is concerned about increasing cases of criminality as a direct result of the March 2013 coup by the SELEKA – a coalition of rebel groups and the events in December 2013 that carried the country into a chaos. The country is totally dependent on Cameroon sea port situated 1500 km away causing regular shortage of basic domestic goods. Travel time from Douala (Cameroon) to Bangui for a truckload averages a week because of very bad roads and several roadblocks. The country security level is between 3 and 5 restricting movement to
official travel only. Currently the curfew applies from 10 pm to 6 am. This situation puts tremendous stress on staff and their family members. There are very limited medical infrastructures and services do not function properly. Nevertheless, a UN Dispensary provides basic medical care for the UN personnel and the UN hospital built is operational since August 2014. Only four airlines officially recognized by UN System serve the country: Air France (once a week), Royal Air Maroc (twice a week), Kenya Airways (three flights per week) and Asky (three flights per week). Flights are sometimes subject to cancellation when security situation volatility increases.

Personnel in Bangui (MHQ) lives on local economy by renting apartments and houses. Living conditions are acceptable. In comparison to 2014 more accommodation is available but with high costs therefore sharing is recommended. Supermarkets having all variety of food and appliances are available but costlier than normal process. Also Level II Hospital run by military medical team is available next to the MHQ.

Bria (Sector East HQ) is located in eastern CAR, approximately 600 Km from Bangui (capital city). Security situation is stable there, no need for an escort. MINUSCA has constructed tented camp for civilian personnel with air-conditioned and acceptable standards and prefabricated accommodation camps started in May 2016. Similarly, installation of office prefabricated units also ongoing. There is catering services provided by a commercial entity on payment basis also the local market is well furnished of basic goods and opened all the week. There is Level2+ fully equipped military hospital in the Bria Green field where all civilian, military camp components are situated.

Bouar (Sector West HQ) is located in western CAR, approximately 500 Km from Bangui where living conditions are quite acceptable. The local market is opened every day and well furnished with seasonal fruit and basic goods. Military Level I clinic exists but the mission has plan to provide better facility.

MINUSCA has constructed tented camp for civilian personnel with air-conditioned and acceptable standards and prefabricated accommodation camps started in May 2016. Similarly, installation of office prefabricated units also ongoing. There is catering services provided by a commercial entity on payment basis. The security situation is stable but an escort is needed for some distance.

Kaga Bandoro (Sector Centre HQ), is located in the centre is 320 Km far from Bangui and the same living conditions of Bria applies here. Rest & Recuperation (R&R) scheme in Bangui has been re-established since August 2013 and maintained for all CAR duty stations to a 6 weeks’ frequency. Living conditions are becoming more and more difficult due to the high cost of living and the scarcity of basic products and food. Fresh vegetables and fruits are available in the market. There is no MINUSCA Guest House in Bangui. Private accommodation possibilities are limited and getting a house according to the security measures can take about 4 weeks or more.

Nevertheless, currently all serving UN Volunteers have a decent accommodation ensuring minimum and above the minimum standard of comfort. The average cost for accommodation varies from around 500 USD, for a small apartment with no furniture and no power generator, to 1700 USD with all commodities. For the sake of rewarding experience, UN Volunteers in CAR carry out their duties with flexibility, commitment, and a willingness to live and work in challenging conditions including heat and limited water and electricity supply.

Conditions of Service for International Specialist:

The rapidly changing nature of novel coronavirus COVID-19 has placed significant and increasing restrictions on the freedom of movement of people across the globe, within countries and across borders. Such restrictions make it very difficult for international UN Volunteers to begin their assignments at their assigned duty station and UNV cannot guarantee assignments will proceed as normal.

Candidates for international UN Volunteer assignments during this period may be exceptionally granted alternative working arrangements to work from their place of recruitment until restrictions are lifted. This is at the discretion of the host entity. Candidates proceeding to interview are recommended to discuss the likelihood of travel and possible alternative arrangements with the host entity. If selected, candidates should carefully consider the circumstances before accepting UNV’s offer.
The contract lasts for the period indicated above with possibility of extensions subject to availability of funding, operational necessity and satisfactory performance. However, there is no expectation of renewal of the assignment.

A UN Volunteer receives a Volunteer Living Allowance (VLA) which is composed of the Monthly Living Allowance (MLA) and a Family Allowance (FA) for those with dependents (maximum three).

The Volunteer Living Allowance (VLA) is paid at the end of each month to cover housing, utilities, transportation, communications and other basic needs. The VLA can be computed by applying the Post-Adjustment Multiplier (PAM) to the VLA base rate of US$ 1,651. The VLA base rate is a global rate across the world, while the PAM is duty station/country-specific and fluctuates on a monthly basis according to the cost of living. This method ensures that international UN Volunteers have comparable purchasing power at all duty stations irrespective of varying costs of living. The PAM is established by the International Civil Service Commission (ICSC) and is published at the beginning of every month on the ICSC website http://icsc.un.org.

For UN Volunteer entitlements, kindly refer to the link https://vmam.unv.org/calculator/entitlements

In non-family duty stations that belong to hardship categories D or E, as classified by the ICSC, international UN Volunteers receive a Well-Being Differential (WBD) on a monthly basis.

Furthermore, UN Volunteers are provided a settling-in-grant (SIG) at the start of the assignment (if the volunteer did not reside in the duty station for at least 6 months prior to taking up the assignment) and in the event of a permanent reassignment to another duty station.

UNV provides life, health, permanent disability insurances as well as assignment travel, annual leave, full integration in the UN security framework (including residential security reimbursements).

UN Volunteers are paid Daily Subsistence Allowance at the UN rate for official travels, flight tickets for periodic home visit and for the final repatriation travel (if applicable). Resettlement allowance is paid for satisfactory service at the end of the assignment.

UNV will provide, together with the offer of assignment, a copy of the Conditions of Service, including Code of conduct, to the successful candidate.

Supervision, induction and duty of care of UN Volunteers

UN Volunteers should be provided equal duty of care as extended to all host entity personnel. Host entity support to the UN Volunteer includes, but is not limited to:

- Introductory briefings about the organisation and office-related context including security, emergency procedures, good cultural practice and orientation to the local environment;
