Nairobi is now one of the most prominent cities in Africa both politically and financially. Home to thousands of Kenyan businesses and over one hundred major international companies and organizations, including the United Nations Environment Programme (UNEP), the headquarters for the United Nations in Africa and the Middle East, and the United Nations Office in Nairobi (UNON). The city occupies 696 square kilometres (270 sq. mi). At 1,795 meters (5,889 ft.) above sea level, Nairobi enjoys a moderate climate. Under the Köppen climate classification, Nairobi has a subtropical highland climate. The altitude makes for some cool evenings, especially in the winter months (June and July), when the temperature can drop to 10 °C (50 °F). Early Childhood Education Specialist

ConteXte organisationnel & description du projet

The fundamental mission of UNICEF is to promote the rights of every child, everywhere, in everything the organization does — in programs, in advocacy and in operations. The equity strategy, emphasizing the most disadvantaged and excluded children and families, translates this commitment to children’s rights into action. For UNICEF, equity means that all children have an opportunity to survive, develop and reach their full potential, without discrimination, bias or favouritism. To the degree that any child has an unequal chance in life — in its social, political, economic, civic and cultural dimensions — her or his rights are violated. There is growing evidence that investing in the health, education and protection of a society’s most disadvantaged citizens — addressing inequity — not only will give all children the opportunity to fulfil their potential but also will lead to sustained growth and stability of countries. Therefore, the focus on equity is so vital. It accelerates progress towards realizing the human rights of all children, which is the universal mandate of UNICEF, as outlined by the Convention on the Rights of the Child, while also supporting the equitable development of nations.

Early Childhood Development (ECD) has featured for the first time in history in the Global agenda for Sustainable Development (SDG). UNICEF, at global, regional and country levels, is actively engaged to promote awareness on the importance of early years. A global call for action has been made to boost national investments and engage communities and families in the demand for integrated packages of interventions to ensure a fair start to all young children. ECD targets children under 8. UNICEF Kenya is committed to ensure that an increased number of counties have capacity to implement integrated ECD packages, including health, nutrition, WASH, protection, HIV and early learning for children 0-6 years of age, in line with national standards and policy. In addition, UNICEF Kenya is committed to improving early childhood development and education for children in displaced children especially in the refugee settings. The International UNV assignment is part of UNICEF Kenya ECD programming and the IUNV will work within UNICEF Kenya education and ECD team and support ECD programming.

Conditions of Service for International Specialist:

The contract lasts for the period indicated above with possibility of extensions subject to availability of funding, operational necessity and satisfactory performance. However, there is no expectation of renewal of the assignment.

A UN Volunteer receives a Volunteer Living Allowance (VLA) which is composed of the Monthly Living Allowance (MLA) and a Family Allowance (FA) for those with dependents (maximum three).

The Volunteer Living Allowance (VLA) is paid at the end of each month to cover housing, utilities, transportation, communications and other basic needs. The VLA can be computed by applying the Post-Adjustment Multiplier (PAM) to the VLA base rate of US$ 1,651. The VLA base rate is a global rate across the world, while the PAM is duty station/country-specific and fluctuates on a monthly basis according to the cost of living. This method ensures that international UN Volunteers have comparable purchasing power at all duty stations irrespective of varying costs of living. The PAM is established by the International Civil Service Commission (ICSC) and is published at the beginning of every month on the ICSC website http://icsc.un.org.
For UN Volunteer entitlements, kindly refer to the link https://vmam.unv.org/calculator/entitlements

In non-family duty stations that belong to hardship categories D or E, as classified by the ICSC, international UN Volunteers receive a Well-Being Differential (WBD) on a monthly basis.

Furthermore, UN Volunteers are provided a settling-in-grant (SIG) at the start of the assignment (if the volunteer did not reside in the duty station for at least 6 months prior to taking up the assignment) and in the event of a permanent reassignment to another duty station.

UNV provides life, health, permanent disability insurances as well as assignment travel, annual leave, full integration in the UN security framework (including residential security reimbursements).

UN Volunteers are paid Daily Subsistence Allowance at the UN rate for official travels, flight tickets for periodic home visit and for the final repatriation travel (if applicable). Resettlement allowance is paid for satisfactory service at the end of the assignment.

UNV will provide, together with the offer of assignment, a copy of the Conditions of Service, including Code of conduct, to the successful candidate.
