**Description**

The Republic of Rwanda is a landlocked country in the Great Lakes region of east-central Africa, bordered by Uganda, Burundi, the Democratic Republic of the Congo and Tanzania. With almost 11 million people, Rwanda supports the densest population in continental Africa most of whom engages in subsistence agriculture and 39% of the population live below the international poverty line of USD 1.25 a day. Rwanda is a verdant country of fertile and hilly terrain and bears the title “Land of a Thousand Hills”.

The country has received considerable international attention due to its 1994 genocide, in which between...
800,000 and one million people were killed. In 2008, Rwanda became the first country in history to elect a national legislature in which a majority of members were women. The country now has many international visitors and is regarded as a safer place for tourists.

The principal form of public transport in the country is shared taxi, with express tarmacked routes linking the major cities and local services serving most villages along the main roads of the country. Housing prices differ considerably depending on what sort of living standards you have. You can live with a local person for very cheap, take a room in a share house for anywhere from $250 to $600, or rent an entire house to yourself for a lot more. The nicer the house (and there are plenty of mansions), the higher the rent, obviously. A modern apartment could cost as much as $1,000 or more.

Internet here is pretty not expensive and fairly reliable. Some houses have wifi but most people opt to buy a USB modem and either pay for a monthly data plan or pay per KB used. Rwanda has three main telecommunication companies i.e. MTN, Tigo and Airtel which offer an unlimited monthly plan for Rwf 20,000 per month (less than U$ 25).

Rwanda has almost 40 district public hospitals and 400 health centres serving a population of nearly 11 million people. Kigali has four main public hospitals with up-to-date equipments and qualified personnel, those hospitals are King Faisal Hospital, Kigali Teaching University Hospital, Kibagabaga Hospital and Muhima Maternal Hospital. There are also many private clinics and pharmacies. Many Rwandans are covered by various health insurance schemes including rural peasants or poors who are covered by a famous Medical insurance Scheme locally known as "Mutuelle de Santé"

A combination of tropical location and high altitude ensures that most of Rwanda has a temperate year-round climate. Temperatures rarely stray above 30 degrees Celsius by day or below 15 degrees Celsius at night throughout the year. The exceptions are the chilly upper slopes of the Virunga Mountains, and the hot low-lying Tanzania border area protected in Akagera National Park. Throughout the country, seasonal variations in temperature are relatively insignificant. Most parts of the country receive in excess of 1,000 mm of precipitation annually, with the driest months being July to September and the wettest February to May.

In addition to Kinyarwanda, English and French are the major spoken languages.

As this is a national UN Volunteer assignment, the UN Volunteer will be responsible for arranging his/her own housing and other living essentials. National UN Volunteers are part of the malicious insurance plan.
