Informations générales

ZMBR000155--Quality of Care & Service Delivery Technical Officer

Lusaka became the capital city of Zambia in May 1935. Lusaka’s central position in Zambia and it is extremely pleasant climate were two of the main reasons for its selection as the capital. It is a metropolis, which provides a home to about two and half million (2.5M) inhabitants of many different nationalities. It has grown to become the seat of the Government of the Republic of Zambia and as such all diplomatic missions, international organizations, industrial and commercial entities have set base. Its political, social, economic and cultural significance has also increased through the years. Lusaka has all amenities in place that would make visitors stay comfortable. Détails sur l'Affectation

Titre de l'Affectation
Quality of Care & Service Delivery Technical Officer

Contexte organisationnel & description du projet

The WHO Regional Office for Africa is one of WHO’s 6 regional offices around the world. It serves the WHO African Region, which comprises 47 Member States with the Regional Office in Brazzaville, Republic of Congo. As the lead health authority within the United Nations (UN) system, we work with the Member States in the African Region and development partners to improve the health and well-being of people.

The Regional Office’s work involves translation of global health initiatives into regional plans that respond to the specific needs and challenges of countries in the Region. The Regional Office support countries to achieve better health outcomes through technical and policy advice, development of norms and standards, generation and sharing of knowledge and convening health partners. Together with countries, the health objectives are attained by supporting national health policies and strategies.

The incumbent will contribute to efficient organization of health services delivery that ensures access to essential service packages of good quality, ensuring the safety of both patients and health workers from service induced infections and other effects.

The Technical Officer will also ensure that districts have safe, functional and resilient health services with good engagement between communities and staff.

The incumbent will develop and implement health systems based on primary health care, supporting universal coverage.

Objectifs de développement durable
3. Good Health and Well-being

Description de l’action

Within the delegated authority and under the supervision of the WHO Country Representative or the Director, Technical Cluster in the Regional Office, the UN Volunteer will:

- Support the WHO Country Office or Regional Office in the establishment and development of best practices in service delivery and quality systems design and foster the development and implementation of evidence-based policies and strategies;
- Encourage the dissemination of evidence-based research results, tools and best practices on service delivery and quality systems. Encourage information-sharing and assist to develop and maintain databases with reliable and accurate data and information;
- Provide technical expertise for the development, implementation and strengthening service of delivery strategies within the context of existing national strategic plans. Support establishing guidelines to ensure effective coordinated and integrated people-centered health services delivery.
with emphasis on quality management systems, capacity building and strengthening partnerships.
Support monitoring and evaluation and reporting on the country’s trends and progress;
- Perform any other related responsibilities as assigned, including replacing and backstopping for
  others as required;

En plus de ce qui précède, les Volontaires des Nations Unies sont censés :
• Renforcer leurs connaissances et compréhension du concept du volontariat en lisant la do-cumentation mise à disposition
  par le programme VNU, les publications externes et prendre activement part aux activités du programme
  VNU, par exemple s’impliquer dans les activi-tés commémoratives de la Journée internationale des
  Volontaires (JIV), le 5 décembre. • Se familiariser et développer toute forme de volontariat traditionnel
  et/ou local au niveau du pays d’accueil. • Refléter le type et la nature des actions volontaires qu’ils
  entreprennent, y compris leur par-ticipation dans les réflexions substantielles. • Contribuer à la rédaction
  des articles sur les expériences de terrain à soumettre pour la pu-blication du programme VNU/ site web,
  bulletin et notes de presse, etc. • Contribuer au Programme d’accueil des Volontaires des Nations Unies
  nouvellement arrivés dans le pays d’affectation ; • Promouvoir ou conseiller les groupes locaux dans
  l’utilisation des volontaires en ligne ou en-courager les individus et les organisations à utiliser les services
  de volontaires en ligne quand cela est techniquement possible.
Résultats / résultats attendus

- WHO Country Office or Regional Office supported in the establishment and development of best
  practices in service delivery and quality systems design and the development and implementation of
  evidence-based policies and strategies fostered;
